Objective

Enthusiastic and detail-oriented B.Tech graduate in Electronics and Communication Engineering seeking a Software Engineer position to apply technical skills in Java, SQL, HTML, CSS, Hibernate, SpringBoot.

Education

Siddharth Institute of Engineering and Technology   Aug 2019 - Apr 2023
B.Tech in Electronics and Communication Engineering
CGPA - 7.48

Narayana Junior College   Jun 2017 - Apr 2019
Intermediate
CGPA - 6.61

Sri Venkateswara Children's High School   Jun 2016 - Apr 2017
SSC
CGPA - 8.8

Technical Skills

Languages: Java
Databases technologies: SQL.
Frontend Technologies: HTML, CSS.
Frameworks: Hibernate, Spring boot.
Operating System: Windows
Tools: Eclipse IDE, Visual Studio Code, Postman

Projects

Personal Portfolio

- Showcases skills in Java, SQL, HTML, CSS, Hibernate, Spring, and SpringBoot.

- Features projects like a User Management and Product Listing Application with SpringBoot and a Merchant Web App built using Spring MVC.

- Provides a brief overview of background, education, and contact information.

- Click here to visit my portfolio

User Management REST API with Spring Boot

- Platform for managing users and listing products with functionality for user registration, updating, and deleting users.

- Supports authentication through phone number and password verification.

- Allows adding and searching products by brand.

- GitHub Link

User Management System: A Full-Stack Web Application

- Created a full-stack web application for user management using React for the frontend and Spring Boot for the backend.

- Implemented features such as user registration, viewing, editing, and deletion of user records.

- Utilized Axios for frontend-backend communication and MySQL for data storage.

- Used Postman to test the APIs.

- Focused on end-to-end performance and responsive design.
